

InsightOps Executive Business Report

Executive Summary

InsightOps analyzed 21 dataset fields. Total revenue was \$2.30M and total profit was \$286.4K.

Key Findings

#	Finding
1	Central has the weakest profitability, with a 7.92% profit margin.
2	The weakest region generates \$501.2K in revenue but only \$39.7K in profit. The strongest region has a 14.94% margin.

Recommendations

- Review discounting practices in the weakest region.
- Compare low-margin transactions against high-performing regions.
- Establish minimum margin controls for heavily discounted sales.
- Investigate the 856 statistical discount outlier(s).
